BAR BOUND STEAMERS LEAVE

Roanoke and Sue H. Elmore Arrive In—Elgin, Craigvaar, Starthreck, Washington and Alliance Cross Out—German Ship Feinbek Outside With Pilot.

Reports from the bar yesterday were that at 8 a. m. the wind was from the east blowing 24 miles an hour, a light rain was falling and the bar was smooth. At noon the same conditions prevailed excepting that the rain had ceased. At 4 p. m. no change was noted. Six steamers passed out early in the day and two passed in, during the afternoon.

The German ship Reinbek was outside last night and will probably come in today. Captain Wood is aboard.

The British ship St. Mirren was towed to sea yesterday.

The barkentine Amazon arrived in the river Sunday at 2 p. m., from San Francisco.

The steamers Elgin, Craigvaar and Starthreck which have been in the lower harbor awaiting an opportunity to cross out, passed to sea yesterday morning at 8:30 o'clock.

The schooner Alvena, lumber laden, for Redondo, Cal., arrived down yesterday at noon.

The schooner King Cyrus from San Pedro, arrived in yesterday afternoon and will load lumber.

The German ship Ostara passed out yesterday.

The steam schooner Svea arrived down from Portland early yesterday morning and crossed out for San Francisco at 8 a. m.

The Lurline was delayed on her down trip yesterday, having loaded, at Rainier, 145 tons of hay for Ross, Higgins & Co., which she delivered here. She also had an unusually large passenger list from points below Rainier. She left up with a good load of freight and passengers.

The steam schooners Washington and Cascade, both bound for San Francisco, came down the river during Sunday night, and crossed out at 8 a. m. yesterday.

The Alliance, with a full cargo and large passenger list arrived from Portland early yesterday morning and went to sea at 8 a. m. bound for Coos Bay.

The ever welcome Roanoke arrived at the Callender dock at 5 o'clock last evening. She was gorgeous in her Christmas decorations of evergreens, and her officers report a good trip with some headwinds. She did not pick up any wireless messages on her up trip and her passage to this port was uneventful. She had a large number of passengers for Astoria, and left up at 6:30 p. m.

The Sue H. Elmore arrived in from Tillamook yesterday afternoon.

Captain R. E. Howes, who has been off duty for a few days is expected to be back in harness soon. The captain whose ankle was injured by a hawser is resting easier and it is hoped that he will soon be out again.

Dr. Pilkington, acting as deputy quarantine officer, went up, on the Roanoke, last night, to fumigate the vessel at Portland so as to avoid delaying the steamer here.

The Portland and San Francisco Co.'s addition to their fleet, the "Montara," is due here this forenoon bound for Portland.

The steamer Hanali left San Francisco late Sunday night, for Portland.

The Col. E. L. Drake arrived in San Francisco Sunday, having oil barge No. 3 in tow.

The schooner James Ralph, Captain Olsen, commanding, which left here a short time ago for San Pedro, had a narrow escape from being destroyed by fire while en route through Santa Barbara channel. An explosion in the cook's quarters kept the captain, and crew of eight men, pretty busy for about an hour, in extinguishing the fire that had extended to the donkey room. The flames were finally subdued by the use of buckets the hose not being available, on account the flames cutting off approach to where it was located. The Ralph reached San Pedro Sunday.

Last night the following Bulletin was posted at the Western Union office: Continue storm signals 9:20 p. m.; storm over Western Oregon moving slowly northeastward will cause tonight, and Tuesday, high southeasterly, shifting to southwesterly winds.

At midnight the barometer was 29.35 and still falling, indicating the approach of the storm.

MURDERED AND ROBBED.

Mystery Surrounds Death of Indiana Hay and Grain Dealer.

CHICAGO, Dec. 30.—Mystery surrounds the death of Geo. Wildermuth, a hay and grain dealer at Gary, Ind., who body was found between the trucks of the Pennsylvania Railroad near Crown Point yesterday. The head was completely severed from the body and the police believe that murder and robbery were committed on a train. Wildermuth had been visiting relatives in Logansport. When he boarded a train for Chicago he had \$300 in his pockets, a gold watch and diamond. No money or jewelry were found on the body when it was discovered a few minutes after the train passed Crown Point.

Were Nearly Drowned—

At an early hour this morning four sailors, who were on shore leave from the schooner King Cyrus, anchored in the stream, started to return to their ship, and while endeavoring to cast loose the painter from their boat two of them, who were considerably the worse for liquor, fell overboard. One of the men in the boat was sober, however, and aided the men in the river to clamber aboard the boat, and all returned to the schooner safely, but considerably damped than when they started on shore.

TO QUICKLY CURE A COUGH OR COLD

A never failing home remedy for coughs and colds is made from the following formula to be mixed at home:

"Two ounces of glycerine, one half ounce of Concentrated oil of pine, one-half pint of good whiskey, mix and shake thoroughly; use in doses of a teaspoonful to a tablespoonful every four hours."

This, if followed up, will cure any cough that is curable or break up an acute cold in twenty-four hours. The ingredients all can be gotten at any drug store. Concentrated oil of pine comes up for medicinal use only in half ounce vials enclosed in small, tin screw-top cases designed to protect it from heat and light. The bulk oils and the patent medicine imitations sometimes put up in wooden boxes should be avoided as they contain resin and other impurities that produce nausea and permanent kidney trouble. To get the right article be sure it is the "Concentrated" oil of pine as this is really the only soluble pine preparation known to science and is the result of the experiments made in the pine forests of Maine where camps were established for the treatment of throat and lung diseases and where so many remarkable cures were effected.
